By F. T. George

The Sons of the American Revolution as a national organization began its existence with eighteen State Societies on April 30, 1889, being the one hundredth anniversary of the inauguration of the first President of the United States. The great growth of the Society has been due to the fact that it was organized on the broad American principle of the one National Society, divided into co-equal State Societies, and the latter sub-divided when expedient into Local Chapters, and to the further fact that no man has been admitted to membership unless he could prove his lineal descent from a patriot of the American Revolution.

The purposes and objects of this Society are declared to be patriotic, historical and educational, and shall include those intended or designed to perpetuate the memory of men who, by their services or sacrifices during the war of the American Revolution, achieved the independence of the American people; to unite and promote fellowship among their descendants; to inspire them and the community at large with a more profound reverence for the principles of the government founded by our forefathers; to encourage historical research in relation to the American Revolution; to acquire and preserve the records of the individual services of the patriots of the war; to mark the scenes of the Revolution by appropriate memorials; to celebrate the anniversaries of the prominent events of the war; to foster true patriotism; to maintain and extend the institutions of American freedom, and to carry out the purposes expressed in the pre-amble of the Constitution of our country and the injunctions of Washington in his farewell address to the American people.

The Colorado State Society was organized on July 4, 1896 as the 33rd member of the National Society.

Officers for 1942

President	Frazer Arnold
Secretary	R. Ewing Stiffler
Treasurer	Dwight C. Meigs
Registrar	Edward W. Milligan
Vice-President General for Rocky Mountain District	Frank M. Keezer
